

Ross Stores Reports First Quarter Earnings

May 20, 2021

Announces New \$1.5 Billion Stock Repurchase Program

Provides Second Quarter and Full Year 2021 Guidance

DUBLIN, Calif.--(BUSINESS WIRE)--May 20, 2021-- Ross Stores, Inc. (NASDAQ: ROST) today reported earnings per share for the 13 weeks ended May 1, 2021 grew 17% to \$1.34 on net income of \$476 million. This compares to \$1.15 per share or net earnings of \$421 million for the 13 weeks ended May 4, 2019. Sales totaled \$4.5 billion, with comparable store sales up a robust 13% versus 2019.

As previously announced, financial results and guidance throughout fiscal 2021 will be compared against fiscal 2019. We believe the significant impact from the extended closure of our operations in the spring of 2020, and the disruptions caused by COVID-19 throughout last year, make this a more relevant basis for comparison.

Barbara Rentler, Chief Executive Officer, commented, "First quarter sales significantly exceeded our expectations as we benefited considerably from a combination of government stimulus payments, ongoing vaccine rollouts, easing of COVID restrictions, and pent-up consumer demand. In addition, customers responded enthusiastically to the broad assortment of great bargains we offered throughout our stores. Operating margin of 14.2% was well above plan and slightly above 2019 as leverage from the strong comparable sales gains offset the expected expense pressures from higher freight and wages, as well as ongoing COVID-related operating costs."

Board Approves New \$1.5 Billion Stock Repurchase Program Through Fiscal 2022

The Company's Board of Directors authorized a new program to repurchase up to \$1.5 billion of its common stock through fiscal 2022, with plans to buy back \$650 million this year and \$850 million in 2022.

Ms. Rentler noted, "The reinstatement of our share repurchase program reflects the current strength of our balance sheet, confidence in the Company's ability to generate excess cash after funding our growth and other capital needs of the business, and our long-standing commitment to enhancing stockholder value and returns."

Fiscal 2021 Guidance

Looking ahead, Ms. Rentler said, "Our results and the clear improvement in the macroeconomic environment make us optimistic about our prospects for the balance of the year. That said, it is difficult to precisely predict the lasting impact from the factors that benefited our first quarter sales results, especially the recent government stimulus payments. While we hope to do better, we are forecasting same store sales to be up 5% to 7% for the 13 weeks ending July 31, 2021 versus the same period in 2019. Second quarter 2021 earnings per share are projected to be \$0.80 to \$0.89, versus \$1.14 in fiscal 2019. For the 52 weeks ending January 29, 2022, we are planning annual comparable store sales gains of 7% to 9% versus 2019 and earnings per share of \$3.93 to \$4.20. Guidance for both periods reflect our expectation for increased freight costs, higher wages, and COVID-related expenses."

Ms. Rentler concluded, "Over the longer-term, we remain confident about our opportunity to gain market share as we expect to benefit significantly from a favorable competitive climate given the large number of retail store closures and bankruptcies in recent years. This, along with consumers' heightened focus on value and convenience, bodes well for our ability to achieve solid results into the future."

The Company will host a conference call on Thursday, May 20, 2021 at 4:15 p.m. Eastern time to provide additional details concerning its first quarter results and management's outlook for the second quarter and fiscal year 2021. A real-time audio webcast of the conference call will be available in the Investors section of the Company's website, located at www.rossstores.com. An audio playback will be available at 404-537-3406, PIN #1273209 until 8:00 p.m. Eastern time on May 27, 2021, as well as on the Company's website.

Forward-Looking Statements: *This press release contains forward-looking statements regarding projected sales and earnings, planned new store growth, and other financial results and market conditions in future periods that are subject to risks and uncertainties which could cause our actual results to differ materially from management's current expectations. The words "plan," "expect," "target," "anticipate," "estimate," "believe," "forecast," "projected," "guidance," "outlook," "looking ahead," and similar expressions identify forward-looking statements. Risk factors for Ross Dress for Less® ("Ross") and dd's DISCOUNTS® include without limitation, the uncertainties and potential for the recurrence of significant business disruptions arising from the COVID-19 pandemic; changes in the level of consumer spending on or preferences for apparel and home-related merchandise; impacts from the macro-economic environment, financial and credit markets, geopolitical conditions, unemployment levels or public health issues (such as pandemics) that affect consumer confidence and consumer disposable income; our need to effectively manage our inventories, markdowns, and inventory shortage to achieve planned gross margins; competitive pressures in the apparel or home-related merchandise retailing industry; issues from selling and importing merchandise produced in other countries and from supply chain disruptions in other countries, including due to COVID-19 closures; unseasonable weather that may affect shopping patterns and consumer demand for seasonal apparel and other merchandise, and that may result in temporary store closures and disruptions in deliveries of merchandise to our stores; market availability, quantity, and quality of attractive brand name merchandise at desirable discounts and our buyers' ability to purchase merchandise that enables us to offer customers a wide assortment of merchandise at competitive prices; potential data security breaches, including cyber-attacks on our transaction processing and computer information systems, which could result in theft or unauthorized disclosure of customer, credit card, employee, or other private and valuable information that we handle in the ordinary course of our business; potential disruptions in our supply chain or information systems; issues involving the quality, safety, or authenticity of products we sell, which could harm our reputation, result in lost sales, and/or increase our costs; an adverse outcome in various legal,*

regulatory, or tax matters; damage to our corporate reputation or brands; our need to continually attract, train, and retain associates to execute our off-price strategies; our need to effectively advertise and market our business; changes in U.S. tax, tariff, or trade policy regarding apparel and home-related merchandise produced in other countries that could adversely affect our business; volatility in revenues and earnings; an additional pandemic, natural or man-made disaster in California or in another region where we have a concentration of stores, offices, or a distribution center; unexpected issues or costs from expanding in existing markets and entering new geographic markets; obtaining acceptable new store sites with favorable consumer demographics; and maintaining sufficient liquidity to support our continuing operations, new store openings and reopenings, and ongoing capital expenditure plans. Other risk factors are set forth in our SEC filings including without limitation, the Form 10-K for fiscal 2020 and Form 8-Ks for fiscal 2021. The factors underlying our forecasts are dynamic and subject to change. As a result, our forecasts speak only as of the date they are given and do not necessarily reflect our outlook at any other point in time. We do not undertake to update or revise these forward-looking statements.

Ross Stores, Inc. is an S&P 500, Fortune 500, and Nasdaq 100 (ROST) company headquartered in Dublin, California, with fiscal 2020 revenues of \$12.5 billion.
