

Ross Stores Reports February Same Store Sales Gain of 9%

March 1, 2012

PLEASANTON, Calif., March 1, 2012 /PRNewswire via COMTEX/ --Ross Stores, Inc. (Nasdaq: ROST) today reported that sales increased 14% to \$677 million for the four weeks ended February 25, 2012, up from \$595 million for the four weeks ended February 26, 2011. Comparable store sales for the month grew 9% over the prior year.

Michael Balmuth, Vice Chairman and Chief Executive Officer, commented, "We are very pleased with our February same store sales which were well ahead of our expectations. The month benefited from favorable weather throughout most of our markets that drove broad-based merchandise and geographic trends. While we are encouraged by our solid start to the quarter, we still have the important March/April Easter selling period ahead of us. Although we hope to do better, our forecast for same store sales to be up 1% to 2% in both March and April remains unchanged."

Additional recorded information concerning today's press release and the Company's future outlook can be accessed by calling 203-369-3930, ID# 74448, from 8:30 a.m. Eastern time on March 1, 2012 through 8:00 p.m. Eastern time on March 2, 2012. A transcript of these comments is available in the Investors section of the Company's website at www.rossstores.com. The Company will report fourth quarter and fiscal year 2011 earnings results on Thursday, March 15, 2012 and March 2012 sales results on Thursday, April 5, 2012.

Forward-Looking Statements: *This press release and the recorded comments on our corporate website contain forward-looking statements regarding expected sales, earnings levels and other financial results in future periods that are subject to risks and uncertainties which could cause our actual results to differ materially from management's current expectations. The words "plan," "expect," "target," "anticipate," "estimate," "believe," "forecast," "projected," "guidance," "looking ahead" and similar expressions identify forward-looking statements. Risk factors for Ross Dress for Less® ("Ross") and dd's DISCOUNTS® include without limitation, competitive pressures in the apparel or home-related merchandise industry; changes in the level of consumer spending on or preferences for apparel or home-related merchandise; the impact from the macro-economic environment and financial and credit markets including but not limited to interest rates, recession, inflation, deflation, energy costs, tax rates and policy, unemployment trends, and fluctuating commodity costs; changes in geopolitical and geoeconomic conditions; unseasonable weather trends; disruptions in supply chain; lower than planned gross margin, including higher than planned markdowns and higher than expected inventory shortage; greater than planned operating costs; our ability to continue to purchase attractive brand-name merchandise at desirable discounts; our ability to attract and retain personnel with the retail talent necessary to execute our strategies; our ability to effectively operate our various supply chain, core merchandising and other information systems; our ability to improve our merchandising capabilities through the implementation of new processes and systems enhancements; achieving and maintaining targeted levels of productivity and efficiency in our distribution centers; and obtaining acceptable new store locations. Other risk factors are set forth in our SEC filings including without limitation, the Form 10-K for fiscal 2010, Form 10-Qs for fiscal 2011 and Form 8-Ks for fiscal 2011 and 2012. The factors underlying our forecasts are dynamic and subject to change. As a result, our forecasts speak only as of the date they are given and do not necessarily reflect our outlook at any other point in time. We do not undertake to update or revise these forward-looking statements.*
