

## Ross Stores Reports Third Quarter Sales And Earnings, Updates Fourth Quarter Guidance

## November 21, 2013

PLEASANTON, Calif., Nov. 21, 2013 /PRNewswire/ -- Ross Stores, Inc. (Nasdaq: ROST) today reported earnings per share for the 13 weeks ended November 2, 2013 of $\$ .80$, up from $\$ .72$ for the 13 weeks ended October 27, 2012. These results reflect an $11 \%$ increase on top of a $14 \%$ gain in the third quarter of 2012. Net earnings for the third quarter ended November 2, 2013 were $\$ 171.6$ million, up from $\$ 159.5$ million for the third quarter ended October 27, 2012. Fiscal 2013 third quarter sales increased $6 \%$ to $\$ 2.398$ billion, with comparable store sales up $2 \%$ on top of a $6 \%$ gain in the prior year.

For the nine months ended November 2, 2013, earnings per share were $\$ 2.86$, up from $\$ 2.46$ for the nine months ended October 27, 2012. These results represent $16 \%$ growth versus $22 \%$ for the first nine months of 2012 . Net earnings for the 2013 year-to-date period grew to $\$ 619.4$ million, up from $\$ 550.2$ million in the prior year. Sales for the first nine months of 2013 increased $8 \%$ to $\$ 7.489$ billion, with comparable store sales up $3 \%$ on top of a $7 \%$ gain for the first nine months of 2012.

Michael Balmuth, Vice Chairman and Chief Executive Officer, commented, "Third quarter sales were in line with our guidance, while earnings were better-than-expected mainly due to above-plan merchandise gross margin. Operating margin of $11.3 \%$ was relatively flat to last year. As a percent of sales, an improvement in cost of goods sold was offset by an increase in selling, general and administrative expenses."

Mr. Balmuth also noted, "We continued to enhance stockholder returns through our share repurchase and dividend programs in the third quarter. During the first nine months of fiscal 2013, we repurchased 6.4 million shares of common stock for an aggregate price of $\$ 421$ million. We expect to buy an additional $\$ 129$ million during the fourth quarter, which puts us on track to complete about $\$ 550$ million of the two-year $\$ 1.1$ billion stock repurchase authorization announced at the beginning of this year."

## Fourth Quarter 2013 Guidance

Looking ahead, Mr. Balmuth said, "As we enter the fourth quarter, our merchants have acquired a wide array of exciting and sharply-priced name brand fashions and gifts to appeal to today's value-focused shoppers. That said, we are up against our own challenging multi-year comparisons and an upcoming holiday season that we believe will be the most intensely competitive and promotional selling period in recent years. As a result, while we hope to do better, we believe it is prudent to adopt a more cautious outlook for the fourth quarter."

For the 13 weeks ending February 1, 2014, the Company is now projecting comparable store sales to be up $1 \%$ to $2 \%$ on top of a $5 \%$ increase in last year's fourth quarter. Earnings per share are forecast to be $\$ .97$ to $\$ 1.01$, compared to $\$ 1.07$ for the 14 weeks ended February 2, 2013. For the 52 weeks ending February 1, 2014, earnings per share are now projected to be $\$ 3.83$ to $\$ 3.87$, up from $\$ 3.53$ for the 53 weeks ended February 2, 2013. The $53^{\text {rd }}$ week in 2012 added approximately $\$ .10$ to last year's fourth quarter and fiscal year earnings per share.

The Company will provide additional details concerning its third quarter results, fourth quarter and fiscal 2013 guidance, and business outlook on a conference call to be held on Thursday, November 21, 2013 at $4: 15$ p.m. Eastern time. Participants may listen to a real time audio webcast of the conference call by visiting the Investors section of the Company's website, located at www.rossstores.com. A recorded version of the call will be available at the website address and via a telephone recording until 8:00 p.m. Eastern time on November 29, 2013 at 404-537-3406, PIN \#97738170.

Forward-Looking Statements: This press release contains forward-looking statements regarding expected sales, earnings levels and other financial results in future periods that are subject to risks and uncertainties which could cause our actual results to differ materially from management's current expectations. The words "plan," "expect," "target," "anticipate," "estimate," "believe," "forecast," "projected," "guidance," "looking ahead" and similar expressions identify forward-looking statements. Risk factors for Ross Dress for Less ${ }^{\circledR}$ ("Ross") and dd's DISCOUNTS ${ }^{\circledR}$ include without limitation, competitive pressures in the apparel or home-related retailing merchandise industry; changes in the level of consumer spending on or preferences for apparel or home-related merchandise; impacts from the macro-economic environment and financial and credit markets that affect consumer disposable income and consumer confidence, including but not limited to interest rates, recession, inflation, deflation, energy costs, tax rates and policy, unemployment trends, and fluctuating commodity costs; changes in geopolitical and geo-economic conditions; unseasonable weather trends; potential disruptions in supply chain or information systems; lower than planned gross margin, including higher than planned markdowns and higher than expected inventory shortage; greater than planned operating costs; our ability to continue to purchase attractive brand name merchandise at desirable discounts; attracting and retaining personnel with the retail talent necessary to execute our strategies; effectively operating and continually upgrading our various supply chain, core merchandising and other information systems; improving our merchandising and transaction processing capabilities through the implementation of new processes and systems enhancements; managing our planned data center and headquarters moves without disruption or unanticipated costs; obtaining acceptable new store locations and improving new store sales and profitability, especially in newer regions and markets; adding capacity to our existing distribution centers and building out planned additional distribution centers timely and cost effectively; and achieving and maintaining targeted levels of productivity and efficiency in our existing and new distribution centers. Other risk factors are set forth in our SEC filings including without limitation, the Form 10-K for fiscal 2012 and Form 10-Qs and 8-Ks for fiscal 2013. The factors underlying our forecasts are dynamic and subject to change. As a result, our forecasts speak only as of the date they are given and do not necessarily reflect our outlook at any other point in time. We do not undertake to update or revise these forward-looking statements.
